MESSAGE FROM THE PRESIDENT & CEO
DAN HALEY

For more than 150 years, our industry has been a vital and vibrant part of Colorado’s way of life. Our goal at COGA is to ensure that our industry thrives well into the future. With the support of our diverse and engaged membership, COGA promotes a stable and predictable regulatory and political environment for the entire oil and gas industry, who in turn employ and support more than 100,000 Coloradans and their families with good-paying jobs that boost our economy and benefit our communities.

As the unified voice of the industry, COGA is the leading source of reliable and fact-based information for elected leaders and staff, with a dedicated team that includes local and state regulatory oversight, legislative and political advocacy along with community outreach and education. Our work is essential, and we invite you to be a part of it.

Sincerely,

Dan Haley

COLORADO OIL & GAS ASSOCIATION

MISSION STATEMENT

Founded in 1984, the Colorado Oil & Gas Association’s (COGA) purpose is to foster and promote the beneficial, efficient, responsible, and environmentally sound development, production and use of Colorado’s oil and natural gas resources. COGA is a nationally recognized trade association that aggressively promotes the expansion of Rocky Mountain oil and natural gas markets, supply, and transportation infrastructure through its growing and diverse membership. Our association is at the forefront of the legal, legislative, and regulatory issues facing our member companies and is continually setting the benchmark for innovation and creativity in our education and outreach strategy.

VISION

Promote the development of Colorado’s oil and natural gas resources for the betterment of society. This vision is achieved through COGA’s three fundamental pillars of strategy, regulatory, legislative, and outreach.

VALUE STATEMENT

As an organization, COGA values:

- Innovative approaches to engagement, education, and providing member value;
- Thoughtful policy that prioritizes the best interests of Colorado and communities while representing industry objectives;
- Authentic, transparent engagement with communities and industry stakeholders;
- Representing the best interests of the industry, statewide over individual companies or basins;
- Creating transparent, accountable collaboration with stakeholders.

ADVOCACY

Your COGA membership supports our engagement in state and local regulatory and legislative strategies. Our vital work focuses on protection of operational certainty and ensuring a political climate that addresses industry’s concerns regardless of activist agendas. By building authentic, effective relationships with lawmakers and policy makers, COGA serves as the driving force behind progress for these communities.

REGULATORY STRATEGY
Both state and local regulatory engagement is a core focus for the association as we work to protect operational stability and certainty across the state, and engaging in active regulatory initiatives and future regulatory policy developments.

COGA’s primary local regulatory objective is to prevent local or state ballot initiatives, while ensuring local regulations are aligned with state regulations. This is accomplished by promoting responsible and reasonable oversight, and regulatory policies that satisfy local concerns.

Involvement of industry and regulatory experts provides a valuable perspective and allows for advocacy opportunities. COGA continues to evaluate legal options regarding local regulatory and other policy developments as they evolve.

POLITICAL OUTREACH & ENGAGEMENT
COGA is always working to increase the industry’s visibility by increasing our political leadership. Members can have a crucial voice in the Colorado political process by educating and providing financial support to candidates for state and local office who support COGA’s public policy values.

COGA initiatives include:
- Political Action Committees
- Political Funds
- Communications
